Beyond Possibilities Mindful Healing

This workbook is part of the Beyond Possibilities Program. The program is educational and experiential in nature and is not intended to diagnose, treat, cure, or replace medical or mental health care. If you have any concerns, please consult your medical provider before participating in the Mindful Healing Movement Sample or any wellness activities included in this program.

Not all wellness programs are appropriate for everyone, and any movement-based activity may result in discomfort, pain, or injury. Please listen to your body, discontinue any activity that causes pain, and seek guidance from a qualified medical professional when needed.

Spend time daily in gratitude and reflection as part of a wellness-centered lifestyle. This journal is an important part of the Mind, Body, & Spirit Wellness Program and is designed to help you track your progress, recognize patterns, and identify areas where you may want to focus more healing, growth, and attention.

Coloring pages are included as a source of inspiration and as a calming activity to help quiet the mind, encourage mindfulness, and support meditation, creativity, and reflection.

This is your journey. Give yourself permission to heal, grow, reflect, and create a life filled with peace, purpose, and possibility.

Beginning Script.

Before every dance experience you will read or listen to a beginning script. I have recorded the following in a female voice and a male voice. It will be more impactful if you create your own personal script. You may use my script as a guide, then pray for guidance and then sit in quiet meditation until you are inspired. It is okay to revisit your beginning script and update it as needed.

In the name of Jesus Christ, I, claim back my Will now....to be with me from this day forward, now & forever! In the name of Jesus Christ....I am asking my Spirit, Super-Conscious, Subconscious, Conscious, Higher Self, Heart, Mind, Body, Will, Nervous System-Brain, Original Intelligence, RNA, DNA, & every genetic anomaly out of alignment with my pattern of perfection and divine being that are ready and willing to join this healing journey to please locate the origin in my conscious, sub-conscious, super-conscious, and destructive cellular memories which caused the incorrect perceptions that created faulty memories, feelings, thoughts, and beliefs. Bring all together all strength, skills and experience to create the perfect treatment plan with Christ. Take each & every level, layer, area, & aspect of my Being to these origins. Analyze & resolve them perfectly with God's truth. Come forward through all generations of time & eternity healing every event & its appendages based on the origins. Please do it according to God's will, until I'm at the present—filled with light & truth, God's Immanence, peace & love, benevolence, forgiveness of myself for my imperfect perceptions, having compassion for every person, place, circumstance & event which contributed to any of these destructive cellular memories, feelings, thoughts, or beliefs. With total forgiveness & unconditional love, I ask that my physical, mental, emotional, & spiritual memory of perfection resonate throughout my Being. Release now and forever any faulty memories, feelings, thoughts, and beliefs. I am asking that this healing will continue to run as a script for my healing in partnership with my Savior, Jesus Christ that I may return to wholeness through him. In the name of Jesus Christ, AMEN

I am
grateful
for today
and all that is
good in my life.

I choose
positivity.

I attract
possibilities.

I grow
through
what I go
through.

I am
calm.

I am
centered.

I trust
the journey
even when I
don't know
the path.

I release
what no
longer
serves me
and make
space for
joy.

I am
focused.

I am
present.

I am
enough.
